Council Backs Wider Street

(Continued from Page 1)

The taxpayer had met with the council to present a plea for tax equalization, and was asked to speak on the sewerage matter when the subject of sewer mains in various parts of the city was taken up.

Minutes of the last previous meeting of the council revealed approval of a contribution of \$300 to Placerville Ski Club to assist in their ski shelter project at Lover's Leap. The minutes indicated that the council is considering a two-cent levy for promotional purposes, and that it is their intention that the \$300 shall come from this fund.

The minutes of the previous meeting also showed there were negotiations under way with the California Tractor and Equipment Co. of Stockton, relative to the leasing or purchase of a road roller. The proposition is to lease the roller at \$200 per month, or purchase it upon a lease contract basis, for \$1,250, the rent to apply on the purchase.

First order of business for the night's meeting was a suggestion by Secretary Wallace M. Ripley, of the Chamber of Commerce, that if signs were erected at each principal highway approach to the city, expressing a greeting and calling attention to the community's early history, tourist visitors might be persuaded to remain longer in and around Placerville, with resulting business benefit. The council considered the matter later in the evening and thought the suggestion a good one, but did not believe that the erection of the signs would be a proper function of the city.

George E. Faugstad suggested that the council should have an insurance advisor.

J. O. Willbanks presented a petition signed by eleven residents of the Hillcrest Avenue district, asking for improved facilities for water service and complaining that the present two-inch line is now inadequate for household service and for fire protection.

Councilman Frost reported the street department may start paving on the highway in upper Placerville within a week. Councilman Lewis suggested the propriety of erecting traffic signs on Coloma Street on either side of the hospital admonishing motorists to observe quiet in operating their cars past the hospital.

Councilman Beach reported the police department is functioning satisfactorily and Councilman Greeley reported no items of particular interest concerning the water system. Fire Chief Mark Tetraut noted five fires in June, some grass fires and some burning out of chimneys, and no damage.

The council bought a pick-up truck from the Cannon Chevrolet agency, on competitive bid, for the use of the work superintendent.

City Attorney Richard Barry, who was with the council for the first meeting of his term, offered a resolution of appreciation for the services of the former city attorney, Thomas Maul, which the council adopted. It was understood an original will be presented to Mr. Maul who was city attorney for sixteen years.

Discussion of the quarantine on dogs and cats brought out an expression that the threat of general rabies infection appears to have passed and that there can be a general "let down" of enforcement of the emergency regulations. Councilmen expressed the hope that persons owning dogs will have them on leash when the animals are in the business district, and advised city officers to see to it that all dogs are licensed.

An ordinance establishing Main Street as a commercial district, from Canal Street to Washington Street and prohibiting the creation of additional sidewalk crossings for driveways without the explicit permission of the council, was passed.

The salary of the assistant city clerk was increased from \$85 to \$100 per month and the council also approved agreements with the state Department of Public Works, renewing the city's understanding with the state in the matter of the use of the city's share in state gas tax funds for work in the city streets.

How to Keep A Good Cook

By BETSY NEWMAN

THIS MENU MAY be used for a luncheon, dinner or supper. It is easy to prepare—which is what the cook likes on a hot day. The chicken may be last of the one you roasted or fricassee for dinner yesterday, if you wish, or you can use canned chicken.

Today's Menu

Creamed Chicken Potato Chips
Strawberry Salad Green Peas
Soft Sugar Cookies Milk, Tea or Coffee

Strawberry Salad

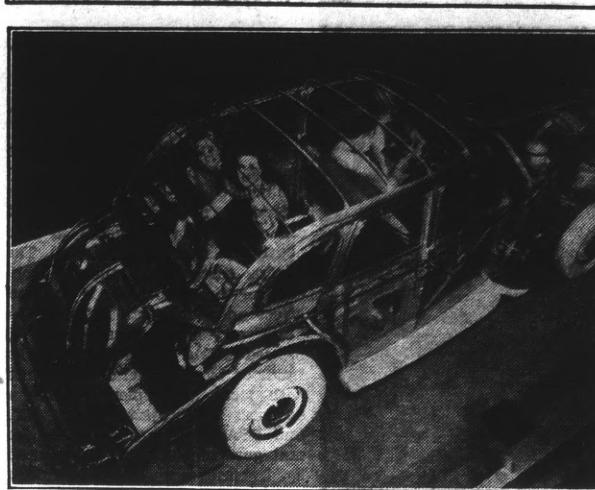

Strawberries Whipped cream
Lettuce Mayonnaise
Cut large strawberries in half and lay on lettuce leaves. Cover with whipped cream flavored with thick mayonnaise to your taste.

Soft Sugar Cookies

2 cups light brown sugar ½ tsp. salt
1 cup shortening 2 eggs
(half butter 1 tsp. baking
and half lard, powder
or butter or flour
margarine) 1 tsp. flavoring
1 tsp. soda

Cream shortening, gradually cream in sugar, then add beaten eggs, then add half the sour milk with soda dissolved in it, then half the flour, about 3 or 4 cups, according to the kind of flour used. Sift flour with baking powder and salt. You can use almond, vanilla or lemon extract for flavoring, or ¼ teaspoon nutmeg, whichever you prefer. Roll fairly thin and bake in quick oven—around 400° F.

Transparent Car at San Francisco Exposition

A "glass" car, a 1940 Pontiac sedan with hood, fenders, body panels and top made of crystal-clear "plexiglass," and flanked by murals designed by Dean Cornwell, is the highlight of the exhibit presented by the Fisher Body division in the General Motors Building at the Golden Gate International Exposition, San Francisco.

ART DIRECTOR LAUDS OIL COMPANY'S PICTURE SERIES

"Like thirsty deer at a brook, the American people drink up fine pictures at every opportunity. The new color reproductions of western scenic views now being distributed by Standard Oil Company of California will have a definite influence in art-appreciation and home-decoration for years to come."

This is the judgment of Dr. Walter Heil, famous museum and art critic. Dr. Heil is director of European and American art at the Palace of Fine Arts at the 1940 International Exposition at Treasure Island. In addition, he is San Francisco Art Museum director.

The newest Standard Oil picture, Mt. Lassen, is now being distributed to motorists by Standard service men, R. E. Hefner, branch manager of the company announced today.

"Every motorist is welcome to have one of these prints, without any obligation," said Mr. Hefner. "Just drive in and ask for one."

Clifford Cheek Is Ill At Sacramento Hospital

Mr. Cheek has had what seems to be more than his share of sadness in the past year, having lost a daughter in the Spring, and more recently his wife, and now is himself ill. His many friends extend their sympathy and hope that his condition may soon be improved materially.

The Spreckels Sugar Company will have a new plant in Sacramento county ready for operation in 1941.

County Contributes Directly To Support Of 670 Persons

Report For Month Of April Notes 445 Receiving
— Aid For Needy Aged, 11 Needy Blind, 89 Needy Children And 125 Receiving Indigent Aid

LOS ANGELES — In El Dorado county, 445 persons received aid to needy aged, 11 aid to needy blind, 89 aid to needy children, and 125 aid for county indigents in April of this year, says California Taxpayers Association, studying relief aids for these types of aid and their effect on county tax rates. Other kinds of aid given are SRA, financed solely by the state; WPA, financed by the federal government, with local governments aiding as sponsors of projects; CCC, NYA and FSA, all financed by the federal government. Aid to the needy aged, blind, and dependent children is financed by the county, state and federal governments, while aid to county indigents is financed entirely out of the county tax rate, the association stated.

Throughout the state, the number of persons receiving aid and the amounts of aid extended have increased and at a much faster rate than population has grown, the association declared. On January 1, 1931, there were 109 persons per 100,000 of population in the state receiving aid to the needy aged; on

January 1, 1940, there were 1,898 persons per 100,000 population receiving this kind of aid. During the ten years, maximum aid extended jumped from \$30 per person per month to \$40, age of eligibility dropped from 70 to 65, and definition of "needy" has been widely liberalized.

A discussion of pending legislation in behalf of California Indians will begin at 10:00 o'clock a. m. and barbecue dinner will be served at noon.
